

ER 89-0221/2

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

JUL 24 1989

MEMORANDUM FOR HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: Frank Hodson
Executive Associate Director *FH*

SUBJECT: Nomination of Quality Improvement Prototypes

This memorandum transmits the application package for the nomination of Quality Improvement Prototypes (QIP). Each year the Office of Management and Budget recognizes Federal organizations that are achieving high standards of quality, efficiency and timeliness in the delivery of services. The Quality Improvement Prototypes serve as models to the rest of the government, showing how an unswerving commitment to quality leads to better services and products, lower costs and more satisfied customers.

Applications for designation as a Quality Improvement Prototype for 1990 must be received no later than October 6, 1989.

An agency or department that has one or more Quality Improvement Prototypes becomes eligible for the Presidential Award for Quality and Productivity Improvement. A separate application process exists for the Presidential Award. Notification of that process will be sent following the selection of the Quality Improvement Prototypes.

If you need further information call Dick O'Brien or Carolyn Burstein at 395-3692.
